Barbie Chefs are required to clean up after them

Cleaning up applies to all of us who use these facilities.

WELCOME NEW MEMBERS

No new members reported this month

Lockhart Display

This was cancelled at a late stage due to a couple Issues arising, which will not be covered here.

NEWSLETTER

As Brian Thomson advised in September Tale feathers I will take over the newsletter again.

This I hope will take some extra work away from the Secretary's job. I would like to thank Brian for looking after it since last May.

I cant promise you a magnificent publication as I am only the editor & will only put together what you make available to me, like :-

Event reports, who went solo or got wings, pictures & what events that may be coming up.

If I get nothing, that's what you will get, or worse still you might get something really exciting from me. Like Tenno's exciting trip through the Western Australian Wildflower country, with vivid pictures of Everlasting Daisies.

To avoid this please give me some Modeling material

The Executive

Upon perusing the minutes of the AGM & monthly meetings, I find it both sad & interesting that there were (initially) so few people willing to put their hand up to keep our long standing club afloat, this however was pretty well overcome on the day. The guys who did take up the positions deserve a big pat on the back; they were the ones who picked up the tab for all of us.

The club can't function without an executive so it's up to us to support them & make their job as easy as possible cos as you know they pay the same membership fee as us.

Thanks Guys

Temora Invitational Scale Classic

The big Scale weekend is on again, where we will see the cream of Australian scale modelers & flyers get together for 3 days Friday 5th Sat 6th Sun 7th November. They will fly from the apron of the Temora Aviation Museum. It's a full on event both Static & Flying & there will be some pretty big models.

Hazell, Dick, Jake & I went over last year to help on the ground wherever required & we were treated to a spectacular display & it was good to catch up with many of our WW2 stalwarts who are among the main contenders in the event.

We are all going again this year & hope we may see a few of our scale, or intending scale modelers there. The event isn't just for War birds it's for all scale aircraft. So why not put it in your diary?

FAI CARDS

Cards are starting to come through from the MAAA & will come direct to you.

The sheet that the card is attached to makes it pretty clear of what our obligations are. The Safety Code should be read and absorbed by all of us, because these will be the things we will have to address should something go terribly wrong.

MEMBERSHIP RENEWAL

When I received the latest list of financial members for newsletter distribution I found there were a few names missing, (some have been with us for quite a while).

Gee guys I hope you've just forgotten to rejoin & not given the game away.

If you have forgotten can you get in touch with Treasurer Mike & sort it out because if you're not financial you're not insured and therefore can't fly at the field.

If you have moved to another interest we will be sorry to see you go, & all the best for the future.

Pic from TEMORA INVITATIONAL 2009

Beechcraft Staggerwing features retractable undercarriage. One of the Temora entrants.

Stop Press

Secretary Brian has just emailed me to advise that Luke Brodrick has placed 2nd in the Sportsman class at the NSW state championships at Queenbeayan.

Well done Luke Congratulations

Tenno's Thought

**Today is the tomorrow
You worried about yesterday**

BYE YOU ALL

Tenno
